Highlights

I took part in the Canadian Collegiate Athletic Association's Female Apprentice Coach Program through the women's soccer program at Holland College. This program is designed to identify and support female graduating student-athletes who demonstrate the desire and skills for coaching by providing them opportunities to share in the coaching experience in CCAA National Championship sports. Current highlight would be having the opportunity to coach the Canada Games team.

Growing up I played on team PEI through provincial teams as well as premier teams through the Winsloe Soccer Club. I played 5 years in the ACAA - 3 years with Holland College and 2 years with Mount Saint Vincent University. In my 5 years, I was a team captain 3 of those 5 years. In the 2016-2017 season, I was an all conference first team all-star and was MSVU's most valuable player.

Why I coach

Soccer was and still is such a big part of my life. I knew I wanted to give back to the sport that gave me so much and put my time in like many coaches did for me so I could play.
